Getting Started With Your 30-Day Trial

The CA Agile Requirements Designer trial allows you to try out many of the features in the tool. The trial includes the automation features, which support the generation of test automation scripts that are executed by existing test automation engines, such as Selenium, UFT, and others.

How will I receive my trial activation details?

Submit your trial request through <https://www.ca.com/us/trials/ca-agile-requirements-designer.html> to receive a download. Run the installer to install the trial version.

What are the technical requirements for my CA Agile Requirements Designer trial?

CA Agile Requirements Designer requires a 64-bit computer with a minimum of 4 GB of memory and the Microsoft Windows 7 Professional, Windows 8.0/8.1, or Windows 10 operating system.

What are the trial limitations?

- Your trial remains valid for 30 days.

Can I use the trial version to find and make test data from CA Test Data Manager?

Yes, if you are already a licensed user of CA Test Data Manager, then the trial version of CA Agile Requirements Designer can connect to the repository and perform all the data related functions (find, make, data painter, and so on).

Who should I contact if I have technical issues with the trial?

If you have any technical questions or issues, please email support@ca.com (<mailto:support@ca.com>) or contact the <https://www.ca.com/us/services-support/ca-support/contact-support.html>
