SALES TRAINING: Stage 1

Understand CA Sales Processes

P

= CA Proven Professional Exam

= CA Certified Expert Credentials

All Web-Based Training (WBT)
Courses are FREE for Partners

The following learning plan provides the knowledge necessary to achieve the capability outcome of Sales Stage 1:

Course Name	Code	Туре	Duration	Description
"CA Partner Advantage Program" Training Videos	Click Here	Videos	Self-Paced	The CA Advantage Partner Program is the foundation to further grow business and drive our mutual success. Learn how to best leverage this program, along with the CA Partner Enablement Program, to its full advantage. This four-part video series provides the fundamentals of the CA Partner Advantage Program, Reselling with the Program, new Program Rewards for this fiscal year, and also a look at the MSP Partner Program.
"CA Partner Enablement 101" Training Videos	Click Here	Videos	Self-Paced	Bite-sized training modules that explain various aspects of CA's Global Partner Enablement Program. Learn about the Partner Enablement Process, the CA Certification and Accreditation Program, personalized Partner Enablement Dashboards, and more!
Introduction to CA's Partner Relationship Management System	11SFC1005B	WBT	1.75 hours	Modules in this bundle include "New Partner User Registration"; Information in the Partner Account Record"; How a Partner Performs Deal Registration"; "Associate a Child to Parent Opportunity"; "Partner Deal Registration – How to Approve/Reject"; "Create a Partner Opportunity – Internal Perspective"; and "Manage Partner Opportunities".
Winning in the App Economy	Click Here	Video	Self-Paced	This YouTube playlist features a series of short videos that show you how CA Technologies can help you seize the opportunity to connect with customers and ace your digital transformation journey. Make better business decisions; get to market fast and first; captivate customers across all touchpoints; free your data to fuel your business; and much more!
MANDATORY: TRACE Anti-bribery Compliance Training for Intermediaries	21CMP10130	WBT	1 hour	Identify bribery risks and apply anti-bribery laws in real world situations, gain awareness of the criminal and financial risks of bribery for individuals and companies, and learn how to respond appropriately to requests for improper payments. <i>Mandatory</i> for Partners dealing with Government customers and end users. <i>NOTE:</i> does not function on IE 11.0
ROI Kits: What's Included	76MBU10010	WBT	0.5 hour	CA Technologies ROI Team is equipping direct sales teams and Partners with specific quantifiable impact scenarios for the top selling CA solutions, showing how these solutions generate a broad range of potential operational efficiencies and how those translate into cost savings - reduced OPEX and CAPEX - and better business performance leading to increased revenue generation.

Outcome: the Partner Resource Understands CA Sales Processes

CA Test Data Manager

SALES TRAINING: Stage 2

Understand Market and Solution Positioning

= CA Proven Professional Exam

= CA Certified Expert Credentials

All Web-Based Training (WBT) Courses are FREE for Partners

The following learning plan provides the knowledge necessary to achieve the capability outcome of Sales Stage 2:

Course Name	Code	Туре	Duration	Description
Partner Sales Essentials Kit: CA TDM	Click Here	PDF	Self-Paced	One page that lists all of the key materials that Sales and Pre-Sales personnel require to get up to speed quickly on the value proposition of the product. Customer presentations, ROI calculators, white papers, success stories and other 'Sales 101' essentials – all in one place, curated just for you!
Continuous Delivery Ecosystem: Overview 100	88ADO10320	WBT	0.5 hour	Foundational concepts of the Continuous Delivery Ecosystem, and an introduction to the CA products utilized in this process. Course instruction includes a demonstration video of the integrated products working together in a real-world scenario.
Tribal Tech: Setting the Vision, Proving the Value for Test Data Management	88SVV10070	Video	1 hour	Topics include; how the product looks, key features and functionality, associated benefits, and how customers use it. We will focus on a detailed tour of the product, showing what it does, how it does it, and why it works that way. We will also include a walk-through by a presales consultant and a customer detailing specific examples of the customer requirements that drove how the product was configured and the resulting technical impact of that configuration. Also, learn from a customer what the key technical and environmental questions that had to be addressed as well as key integrations that needed to be considered for optimum usage, adoption and expansion.
Tribal Drums: Quality in the Continuous Delivery era: Testing Automation in the Spotlight	11TTS10010	WBT	1 hour	Learn how Testing is radically changing in the DevOps era, and how recent additions to CA's Application Delivery portfolio are leading the way. You will see how automated Test Case Design, Test Optimization, and fully automated Test Automation allow the maximum number of defects to be discovered first time round, and in a fraction of the time previously required. Discover how to take control of the quality process and link it directly to constantly changing business requirements from the start, delivering valuable software to market earlier, and at less cost.
Proven Professional, CA Test Data Manager Sales 2017	<u>88TDM2008E</u>	•	0.5 hour	An exam that tests the ability of a Partner Sales Resource to understand and communicate the high-level value proposition of the CA product, as well as its competitive positioning in the market. Successful completion of this exam results in the award of "CA Proven Sales Professional" credentials on this product.

Outcome: the Partner Resource Understands the Market and Solution Positioning

CA Test Data Manager
